

9U Wall-Mount Single-Section Network Cabinet

T5813 / T5814 Series

Product Overview

HezrraLink 9U wall-mount cabinets provide a compact and secure enclosure for rack-mounted network and telecommunications equipment. The T5813 and T5814 models use a single-section design with a lockable toughened-glass front door, removable side panels, cable entry from top and bottom, and passive airflow ventilation.

Rack Height	9U
Rack Standard	19"
Protection	IP20
Static Load	60 kg

Available 9U Sizes

Variant	Dimensions	SKU
Compact-Depth Cabinet	600 × 450 mm (W × D) / 9U	T5813
Deep Cabinet	600 × 600 mm (W × D) / 9U	T5814

Key Features

- 9U capacity suitable for switches, patch panels, routers, DVR/NVR, and structured cabling equipment.
- 19" standard installation frame in a wall-mount single-section enclosure.
- Toughened-glass front door with lock for secure front access.
- Removable side panels for easier installation and maintenance.
- Top and bottom cable entry openings with ventilation slots for passive airflow.
- Two top fan mounting positions are provided; fan tray / fans are optional and not included as standard.
- Cold-rolled steel construction with powder-coated finish.

Typical Applications

Small offices | Telecom closets | Structured cabling | Network switches | Patch panels | DVR/NVR installations
